Dear Friends,

The Synod of the Northeast PC (USA) continues to search for new and innovative ways to support our member congregations and presbyteries as they seek to remain faithful to their mission in the world. Firebird Spirit is one of those important resources. One of the greatest challenges to many congregations is the burden of buildings. Many churches struggle to maintain facilities that no longer fit their needs and often drain their budgets of vital missional resources. Through courage and creativity Firebird Spirit has cracked the code on how to move past these challenges. Through their own journey and struggle they have utilized a new entrepreneurial energy to liberate and transform their ministry.

We are proud to include Firebird Spirit as one of our Innovation partners. This partnership includes passing their best practices along to other Gospel communities. I encourage you to look more deeply into what Firebird Spirit might have to offer you in the work of faithfully serving Christ in your mission field.

Sincerely,

Harold M. Delhagen
