

FIREBIRD PRESBYTERY PARTNERS

As an option for presbyteries that do not have the means to provide dedicated time and energy to church transformation work, Firebird Spirit may be your answer. Our experienced staff are prepared to do the following without the worry of costly overhead for additional personnel on your payroll. Firebird Spirit can:

- ◆ Augment what you and your staff are already doing, and do more
- ◆ Fill in the “gaps” of what you can offer with current staffing
- ◆ Help you determine how best to use your time with us, i.e. – all on Presbytery-level work **OR** with individual congregations who are (or should be) on their own transitional journey **OR** a combination of the two

We require stakeholder participation in our
C21 (21st century Church) One-Day Introductory Option Mapping Workshop.

We also offer the following services which may be accessed as a la carte offerings or, to maximize your investment, may be included in a Firebird Partnership Contract (see below).

STRATEGIC PLANNING

for Presbytery committees **OR** groups of churches engaged in transformative ministry

CONSULTING & RESOURCING SERVICES

for Presbytery committees **AND/OR** your congregations

INDIVIDUALIZED WORKSHOPS / RETREATS

for Presbytery committees **AND/OR** your congregations

Most Firebird products may be accessed individually as one-day workshops (\$1,500/day plus expenses). Our flat-rate for Firebird services is \$250/hour. For those wishing more extensive collaboration, we suggest the **Firebird Presbytery Partnership** – a **\$10,000 contract for 50 hours of Firebird Spirit Services**. Services include: staff time, administrative overhead, printing, and other educational materials. It does NOT include expenses for travel, lodging, local transportation and meals. Contracts may be extended in 25 hr. increments for \$5,000 each unit.

Custom quotes available. Please call to speak with Firebird Staff if you have specific concerns or questions.

Firebird Church Partnerships are also available and are tailored to each individual congregation's needs, beginning with a comprehensive **INDIVIDUAL CHURCH ASSESSMENT**.

More information available from Firebird Spirit.

Please check with your Synod regarding grants which might be available to offset some of these expenses.
